

Heartgard³⁰[®] 
(ivermectin/pyrantel) **Plus**

STILL THE ONE

Proven heartworm and intestinal worm protection that's been trusted for over 25 years.

Heartworm

Intestinal worms

HEARTGARD-30[®] PLUS PROTECTS YOUR DOG FROM THE MOST COMMON INTERNAL PARASITES.

Heartworm

- Prevents heartworm infections that can be deadly to dogs.
- Heartworm is spread by mosquitoes, which are active throughout the summer and fall.

Intestinal worms

- Treats and controls the most common intestinal worms in Canada:
 - Roundworms
 - Hookworms
- Can be used to deworm puppies as young as 6 weeks of age.

For added protection against **external parasites**, ask your veterinarian about combining HEARTGARD-30[®] Plus with **NexGard[®]**.

EASY TO GIVE, EASY TO REMEMBER.

HEARTGARD-30[®] Plus is a tasty, real beef soft chew that your dog will love.

HEARTGARD-30[®] Plus can be given with or without food, any time of the day.

Unlike some sprays, spot-ons and collars, HEARTGARD-30[®] Plus is not affected by bathing, shampooing or swimming.

HEARTGARD-30[®] Plus fits into your family routine.

Since HEARTGARD-30[®] Plus is given just once a month, it's easy to remember. The **PetCare app** can help make your dog's treatment routine even easier.
